Doctor Morgan suggested that the city should provide a large sheam sterilizer for carpets, curtains and other articles used in rooms occupied by consumptives, in conclusion he referred to Philadelpina, where the number of cases of tuberculosis had been reduced to about one-third the former figure, through municipal precautions. He said that no ordinance on the subject is in threther, but the people are caucated by means of illustrated pamphlets as to the precautions for preventing the spread of the disease. He read the most recent circular on the subject issued by the Philadelphia Roord of Health.

Doctor A. L. Boyce, Doctor James A. Campbell, Doctor T. Griswold Comstock, Doctor L. Claude McElwee, president of the State Board of Health. Doctor Grundemann, Doctor E. C. Ellertrock, Doctor Lin, Doctor E. C. Ellertrock, Doctor Lin, Doctor Carl J. Luytes, Doctor Willis B. Young, and Doctor Edward F. Brady took part in the Informal discussion of Doctor Morgan's paper.

Doctor Comstock said that a patient's temperament is such sometimes that it would be inadvisable to tell blim if tuberculosis is suspected, but the proposed legislation leaves the physician no choice.

Doctor Grundemann asserted that in Entope tuberculosis has decreased fifty-five per cent in many piaces through the exercise of proper precautions such as were suggested by Doctor Morgan, Doctor Young urged that legislation is needed, and that steps should be taken to enact and enforce some means for preventing the spread of consumption. In closing the discussion, Doctor Morgan and:

Doctor Morgan said:
"Certainly some measure should be taken to prevent persons with consumption from working in bakeries or other places where food is prepared or offered for sale. And in this connection the Board of Health should undertake to enferce its rule against spitting in the street cars. Why, in Election they arcest and fine a man who spits on the sidewalk."

# Let Me Tell You How to Get Well.

Send no money; simply state the book you want. It will tell you what I spent a lifetime in learning.

With the book I will send an order on your druggist for six bottles of Dr. Shoop's Restorative; and he will let you test it a month. If satisfied, the cost is 85.56. If it falls, I will pay your druggist myself.

I do just as I say. Over half a million people have secured my freatment in that way, and 33 out of each 40 have paid for thecause they were cured. Not a penny is accepted if it falls.

There are 30 chances in 40 that I can cure you. No matter how difficult your case, I take the entire risk, for those half million cases have proved what my remedy can do. My way is to strengthen the inside nerves. I bring back the nerve power which show makes each vital organ do its duty. To other remedy does that; and in most chronic disenses there is no other way to get well. Don't let doubt or prejudice keep you from asking about it.

Simply state which hook No. 1 on the Heart, book you want, and hook No. 1 on the Heart, book you want, and look No. 1 on the Heart, book you want, and look No. 1 on the Heart, book you want, and look No. 1 on the Heart, book you want, and look No. 1 on the Heart, book you want, and look No. 1 on the Heart, book No. 646.
